Art Unit:

Claims 1-26 are presented for examination.

The response to the restriction requirement of July 3, 2002 has been received and entered.

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 24-26 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicant refers to compounds by numbers such as compounds 3-30, compound 25, compounds 3-24 and 26-30. Such numbers are not disclosed by the instant specification .

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-23 are rejected under 35 U.S.C. 102 (b) as being anticipated by Dolphin et al. (U.S.

Patent 5,648,485. The U.S. patent teaches the compounds of the instant application.
